

Murray Baker Bridge Lighting Program: Light Up the Bridge

www.peoriagov.org/public-works/bridge-lights

Thank you for your interest in the Light Up the Bridge program. The City of Peoria is the designated technical operator of the program and welcomes you to make requests to change the color of the bridge lights. The cities of Peoria, East Peoria, along with Peoria and Tazewell Counties, are responsible for the maintenance and upkeep of the bridge lights. For future funding purposes, 100% of the Light Up the Bridge program revenue will go into a joint fund designated to cover costs related to maintenance, upkeep, and operations.

Light Up the Bridge Rates:

Per evening (five evening maximum): \$200 (\$150 for non-profit organizations)

- A 501(c)(3) identification certificate will be required to validate non-profit status.

Terms of Agreement:

- The City of Peoria holiday lighting schedule will supersede any requests.
- The United States Coast Guard has passage rights to the Illinois River and therefore full access to the Murray Baker Bridge lights. Lighting displays may be terminated for the purpose of safe river passage of barges, as needed. This is unscheduled and beyond any programming control of the City of Peoria.
- The Murray Baker Bridge lights operate daily from sunset to sunrise.
- This program does not allow lighting for political events, and/or political campaigns.
- Lighting requests will be granted on a first-come, first served, basis.
- Applicants should verify availability on www.peoriagov.org/public-works/bridge-lights/ or contact Peoria Public Works at **(309) 494-8800** or publicworks@peoriagov.org.
- Completed applications and fee must be received no less than 30 days in advance of the requested date. The City has the right to waive the 30-day requirements under special circumstances.
- Upon approval of a display request, an email will be sent to the primary contact listed on the application.
- Once approved, changes to the application form will not be permitted.
- Select the color requests from the published list of light scenes on the City website and the application form.
- If a different color scene is desired, contact Public Works for availability, cost, and schedule. Custom programming has a minimum fee of \$800.
- Program participation does not constitute exclusive and/or private use of the bridge.
