

# PEORIA'S NEW RIVERFRONT PARK

Bird's Eye View of Riverfront Park

Playground

Expanded Marina

Swing Park

Great Lawn

Farmer's Market

River's Edge

Clock Tower Square

Depot Building

Accessible viewing steps provide new interaction for the River Walk Esplanade experience

Steps and seating create a unique space for viewing the river and lounging spaces at the river's edge.

The expanded River Plaza is a flexible space that accommodates expanded parking and market/event space. The planters and picnic tables on rails allow the flexibility to be pedestrian or event space.

With the planters and picnic tables moved clear the River Plaza transforms to a Market or event space for the Great Lawn.

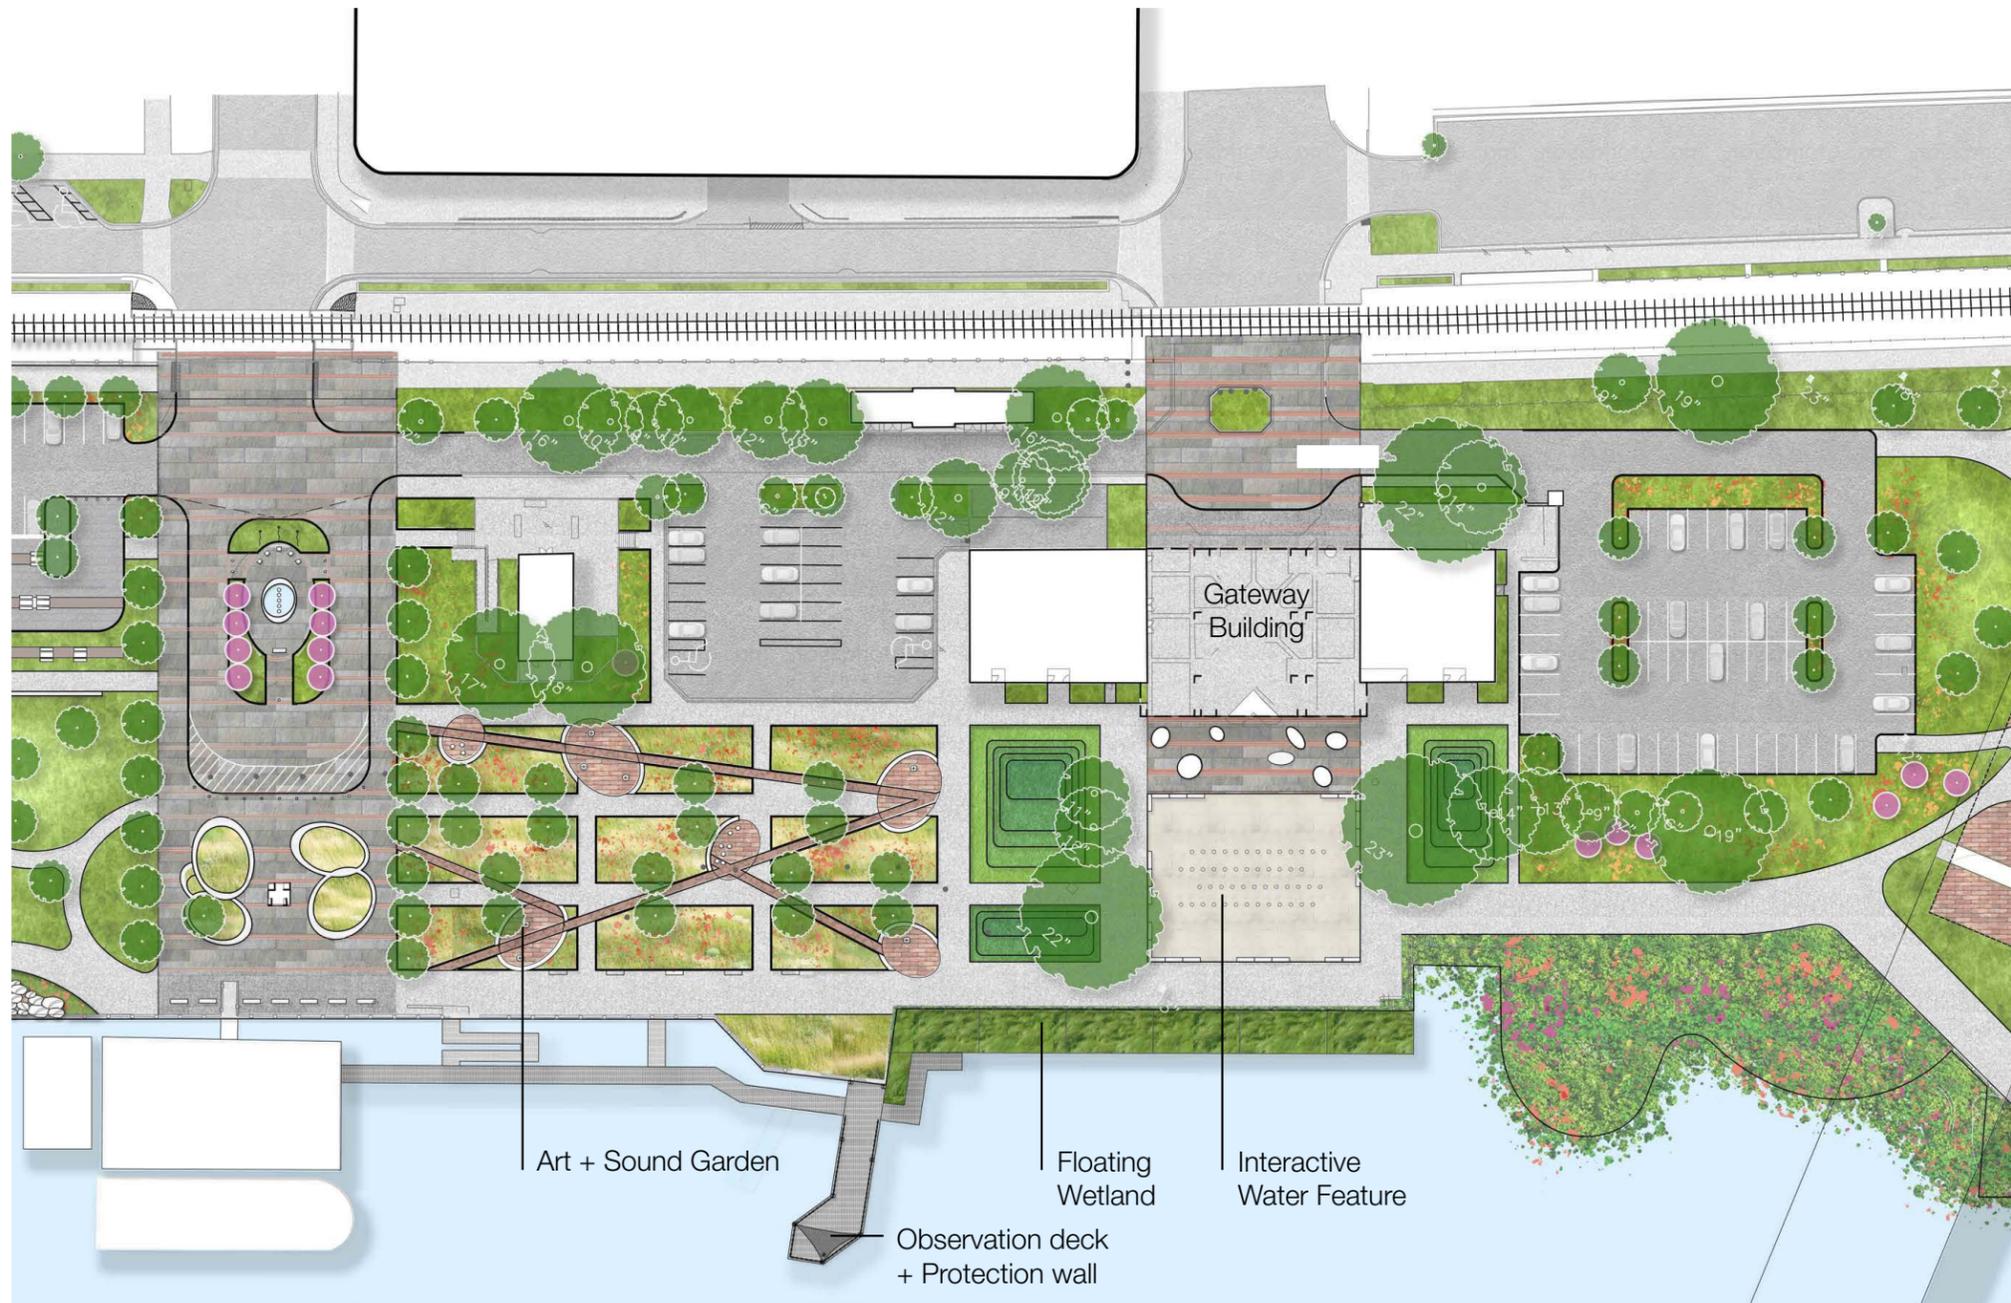

Swing seating overlooking the river provides new recreational opportunities and gathering locations.

The Main Street Entrance with new plantings, granite paving, and a fountain serves as the primary celebration and entrance to Peoria's River Walk Esplanade

A re-imagined memorial plaza is the cornerstone of the Main Street Entrance to the Riverfront Park. The new granite monuments and fountain form a new memorial display.

Arts in the Park is a collaboration with the local arts community to showcase rotating art pieces and to tell the history and culture of Peoria.

The Gateway Center Interactive fountain with lighting.

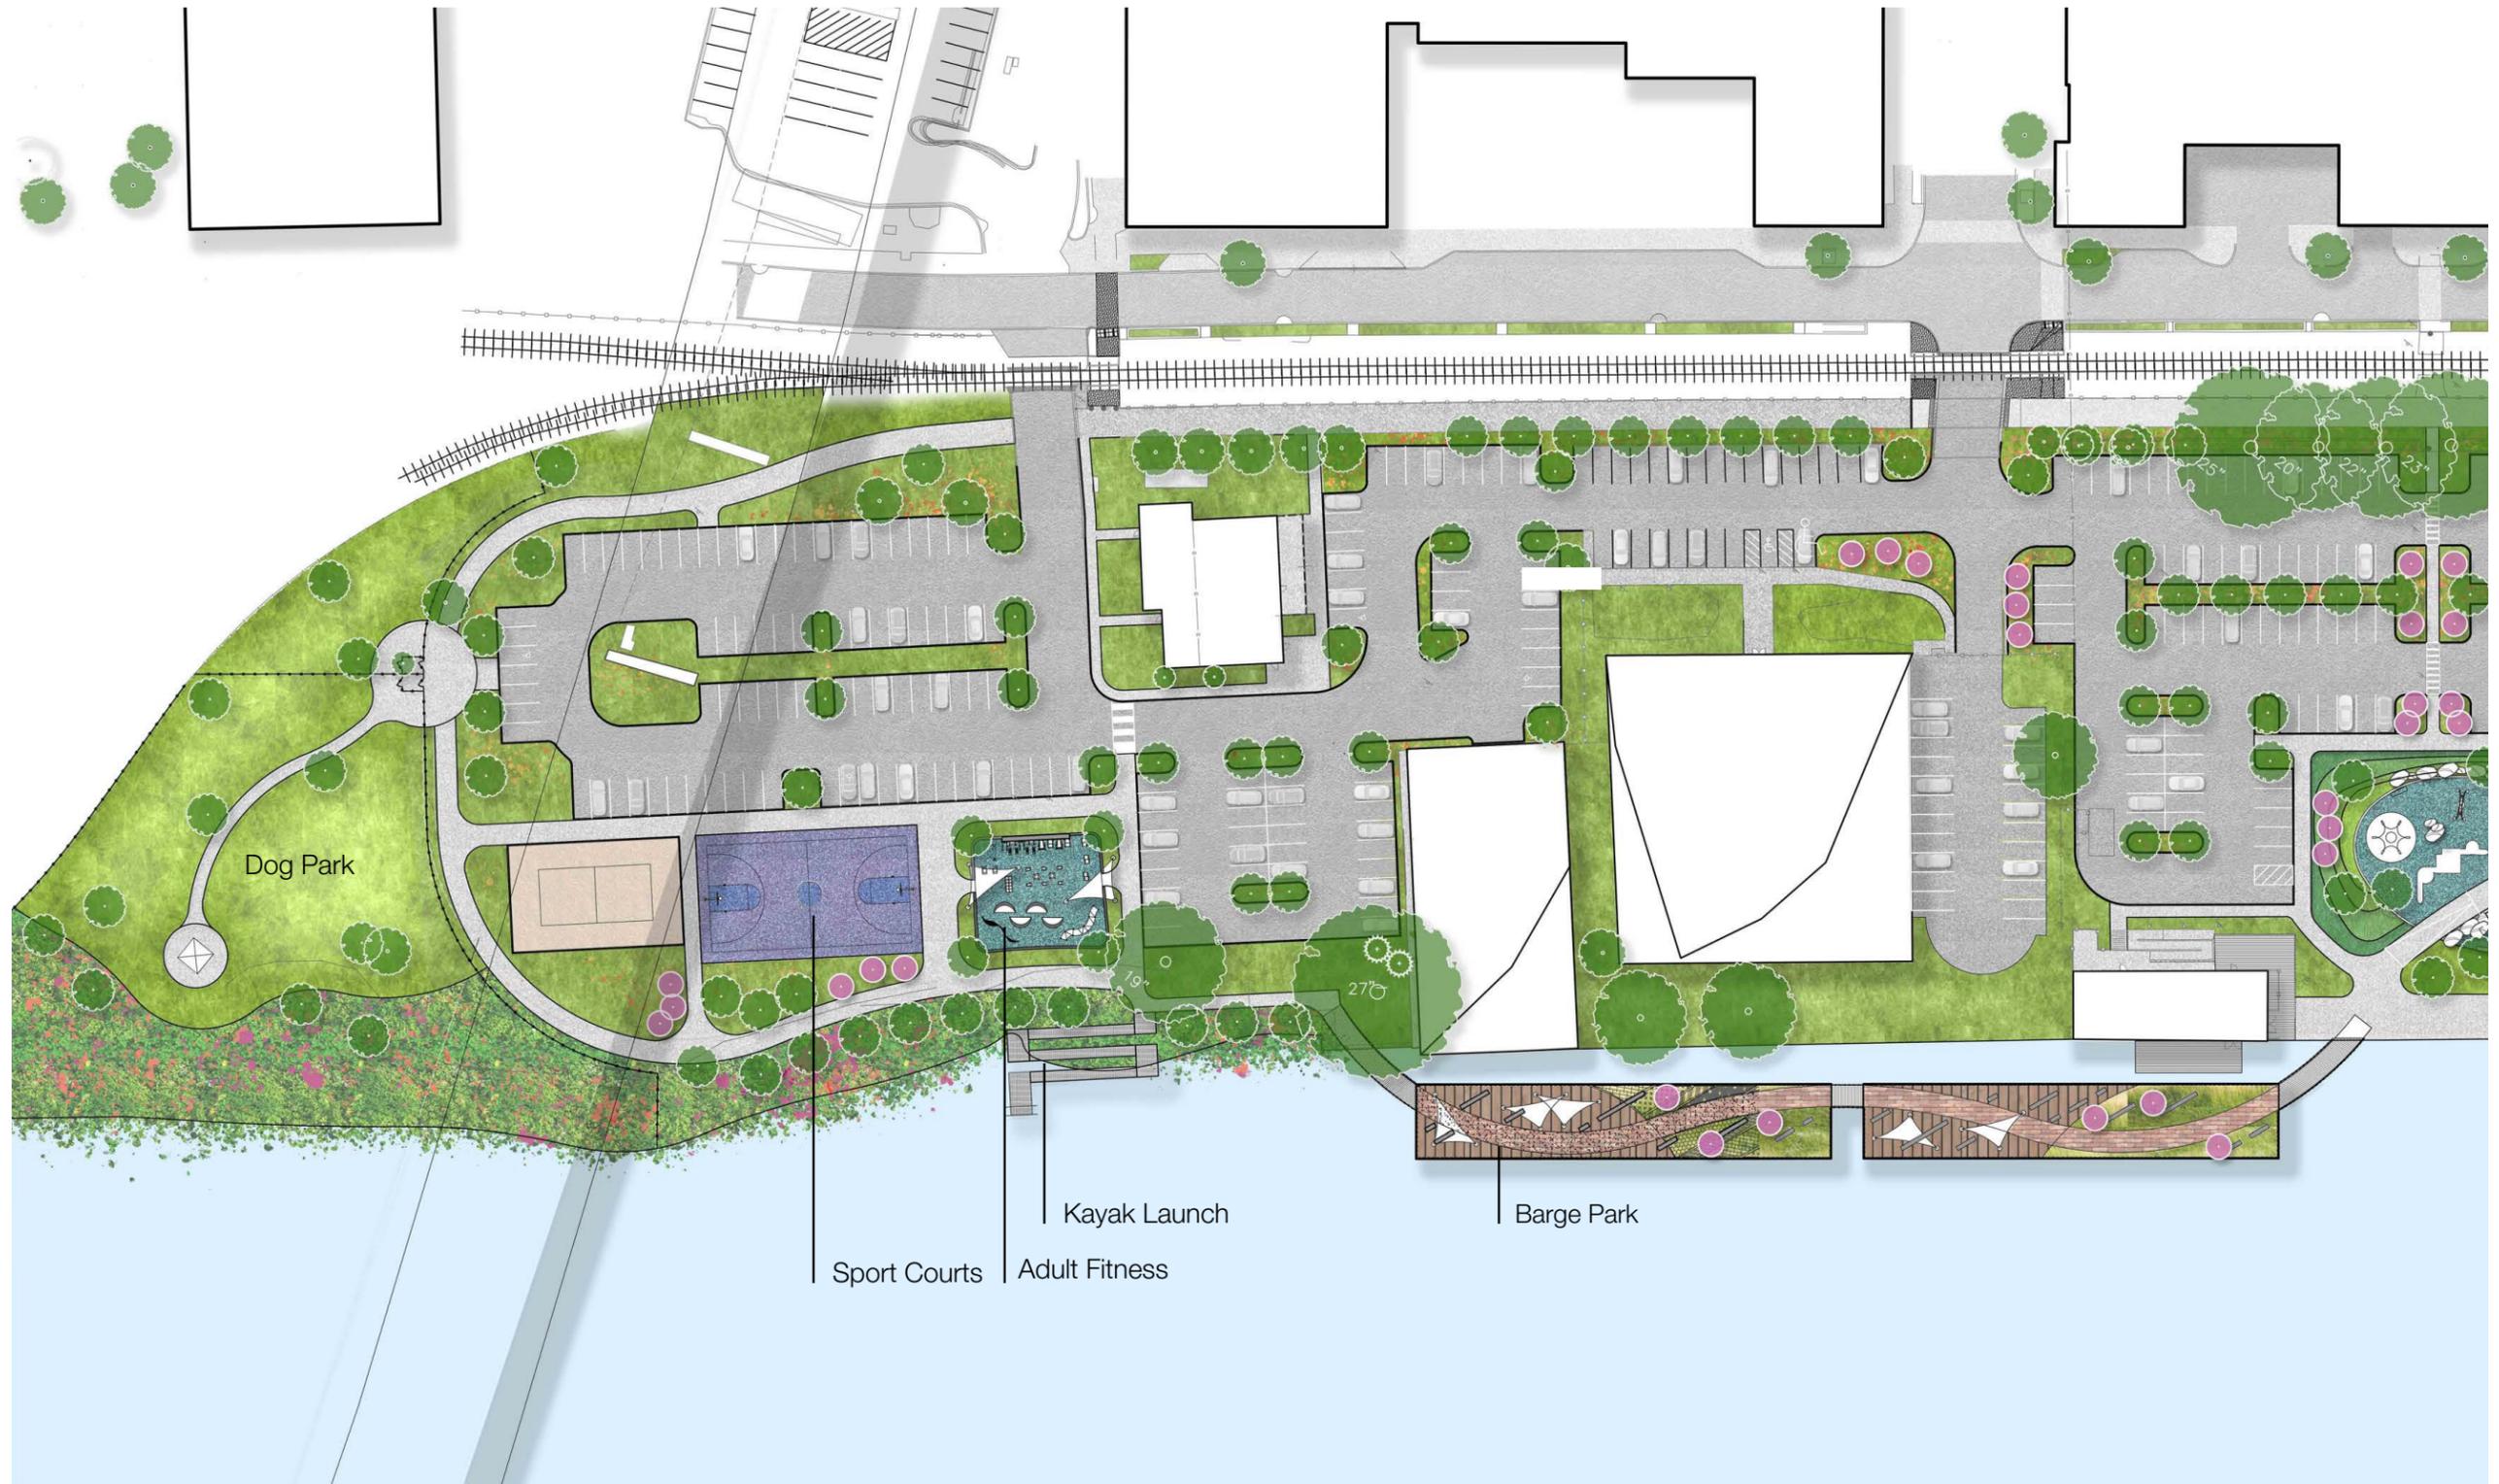

The Festival Lawn houses both larger regional acts and a community performance shell/stage for local family oriented performances.

Dog Park

Sport Courts

Adult Fitness

Kayak Launch

Barge Park

New accessible creative playground.

The Barge Park connects the River Walk Esplanade from the Murray Baker Bridge to the Bob Michel Bridge over a floating park terrace.

Outdoor fitness station will allow for a range of exercises for adult users at the Riverfront.
